Frontline Ministries – Exodus Mandate

Dear Friend and Faith Partners,

In this first action letter of the year, I want to alert you to an immediate danger to Christian children in California and ask you to join our 2008 effort to save these children and our nation, and to strengthen Christian families. Please, read this urgent letter carefully.

You may have heard that Governor Schwarzenegger signed into law several new bills that radically changed California's public schools starting January 1. The California general public has little awareness of how deadly the new laws are, or of their significance yet, because the mainstream media has imposed a virtual news "blackout" regarding this legislation.

The Crisis in California and What We Can Do To Respond

After reviewing the legislation and talking to Christian leaders in California, we can say that SB 777 represents a repudiation of 2,000 years of the Christian moral teaching on human sexuality, family and marriage. This is to be accomplished by using the tax-supported California public school system to indoctrinate children in a thoroughly pagan worldview regarding sexuality. This will begin in kindergarten and continue as long as a student remains in any school receiving direct or indirect financial assistance from the state.

The good news: this law is so draconian that informed Christians will no longer be able to keep their children in the California school system.

In response to this new law, *Exodus Mandate* has been able to connect a coalition of energized Christian organizations in California, and we're gaining new support from national ministries, as well. Working at the grassroots level with our local volunteers and the communication media, I believe we can launch a campaign for biblical truth this year like none we have ever mounted before, one that could easily cause as many as 10% of Christians in California to withdraw their children from a public school system that is poised to harm the children and culture.

We could be on the brink of a **great family revival**, or a **great national judgment**. I think God is calling us, the support team for the ministry, to take a stand for family revival. If you join in fighting this new battle in 2008, I know we can make a difference because with God all things are possible. Whatever we do will help save some children from homosexual indoctrination in our government schools. But there is no way that I can do what needs to be done alone; I need your help as never before. The campaign is for California, and the rest of the nation, as well. Will you join me in 2008?

Will you return the enclosed pledge form to do your part in 2008? Just imagine what would happen if only 300 of us joined the 2008 team and pledged \$100 a month – or even \$50 a month?

What Do The Homosexual Code Words Mean?

The new law requires every California public school to teach children that homosexual and bisexual lifestyles are normal, acceptable, and the moral equivalent of biblical heterosexuality.

Practically, the impact of these laws will start this month to effect change:

- **NEW, ANTI-CHRISTIAN SCHOOL BOOKS** – new textbooks in all subject areas, rewritten to represent homosexuality positively and highlight alleged achievements
- **GAY “MARRIAGE” PROMOTION** – positive portrayal of “marriage” other than God-ordained, heterosexual marriage
- **AFFIRMATIVE ACTION** – obligatory, affirmative-action plans and quotas for hiring homosexual and bisexual teachers, counselors, and advisors
- **LIBRARY AND WEBSITE INFILTRATION** – no exclusion of books in school libraries that portray unholy sexual lifestyles in a positive light
- **HOMOSEXUAL CLUBS ON SCHOOL GROUNDS** – no opposition to clubs promoting pre-marital sex, homosexuality, bisexuality, or worse
- **PEDOPHILE TEACHERS** – freedom for school employees to discuss any deviant sexual lifestyle with students
- **CENSORSHIP/PUNISHMENT OF CHRISTIAN CHILDREN** – requirement to punish children who voice critical opinions about unbiblical sexual lifestyles
- **NEW DEFINITION OF SIN** – no permission for criticism of homosexual lifestyles and behaviors as official school policy in California

Sadly, more poison lurks in the redefinition of “gender.” The law’s definition actually enshrines in law the most extreme post-modern view of “gender.” SB 777 treats “gender” as if it is entirely socially constructed. Thus, if someone adopts a gender identity as a woman, the fact that his birth sex was male cannot be used in any way to “discriminate” against him/her. Consequently, if a boy decides that his gender is “female,” there is nothing in the statutory language that would allow a school to prevent him from visiting the girls’ locker rooms and restrooms.

No longer will children taught in these schools be permitted to voice that God made us male and female with different and complementary roles. Instead, children will be taught that sexual orientation and gender are matters of personal choice, and that they have to reach their own conclusions about “what is right for them.”

This new law repudiates the Christian worldview on matters of sexuality, marriage, and family. With easier access for pedophiles to the California public schools, it is inevitable that more students would become trapped in those lifestyles.

Obviously, SB 777 and its companion bills will soon make themselves felt outside of California. Homosexual activists and their allies in other states will begin pushing similar legislation.

What Can YOU and I Do Through *California Exodus 2008*?

Clearly, the mainstream media have imposed a news embargo regarding this legislation. So, with your help, *Exodus Mandate* will do what we do best: communicate God’s vision for the Christian education of children to moms and dads, pastors and educators.

- **COMMUNICATIONS** – do what the mainstream media aren’t doing, using media contacts to reach pastors and parents, distributing books and publishing websites
- **CHRISTIAN EDUCATION SUNDAY AUGUST 10** – challenge Christian parents in California to transfer their children to Christian education in the new school year
- **PARENT PULL-OUT PLEDGE CARD** – encourage parents to sign a pledge to pull their children out of secular schools and give their children a Christian education
- **PASTOR PLEDGE CARD** – ask pastors to support Christian parents in their churches and

- communities who make the move out of secular schools
- **SCHOOL STAFF PLEDGE CARD** – ask Christian teachers in public school to retire/resign and carry on their teaching in a Christian environment
- **GRASS ROOTS MOBILIZATION** – utilize an energetic group of volunteers to support this effort and offer a website community at www.Californiaexodus.org
- **LOCAL MEDIA, YARD SIGN CAMPAIGN** – use national and local media to communicate the message and distribute bumper stickers, posters and yard signs.
- **CHRISTIAN EDUCATORS** – mobilize and assist the Christian education associations, including Christian home schooling
- **HOME SCHOOLING FAMILY TO FAMILY** – mentor Christian parents who make the decision to take their children out of Pharaoh's school system
- **CHURCHES** – encourage churches to take a moral stand in their communities and to support existing Christian schools
- **PASTORS** – urge them to use their facilities to provide various educational options throughout the week
- **EVANGELISM** – attract families, that would never otherwise darken church doors, by providing a way for them to rescue their children from SB 777

If we do little or nothing, what would that say about us as Christians? The spiritual risks imposed on children by SB 777 constitute a crisis demanding our concerted and prayerful efforts on behalf of the children of California. Otherwise, we are admitting that there is no limit. We would be admitting that we have doctrine but no deeds - faith without works.

Take an Action Step Today

Will you return the enclosed **Faith Promise Pledge Form** and indicate a monthly faith promise for 2008?

- \$100 or more a month will help us to reach thousands of families with this message.
- \$50 a month will help us reach pastors and teachers.
- EVERY GIFT COUNTS and takes us closer to victory in California.

Please, send whatever you can today. For a donation of \$100 or more, I will send you a free copy of my book *Let My Children Go* as a thank you. This month we are setting up web sites, sending out mass mailings, and preparing for the National Religious Broadcasters Convention. We have enormous costs, even though California volunteers are bearing a great part of the work, but it is worth every penny. In today's world the cost of communication is staggering, even on the World Wide Web, but the money we spend to educate Christian children saves eternal lives.

I am waiting to hear from you. Please, return **California Exodus 2008 Pledge Form** today.

Yours till every Christian child has a Christian education,
