The timely book by E. Ray Moore Jr., *Let My Children Go*

**Why Parents Must Remove Their Children From Public Schools Now
Get one for yourself or give it to a parent you love.**

This thoroughly documented, 352-page book outlines the tragic history of how secularists captured Christian schools in the US. It chronicles the amazing experiences of Gail and Ray Moore, Jr., in educating their children. You’ll want to order extras to share with other Christian parents, pastors and teachers because Ray explains biblically and constitutionally why Christians must take their children out of government schools and join other Christian parents to provide a Christ-centered education. Normally \$12 to \$19 in bookstores, it is yours **FREE** with a gift of \$100 or more while supplies last. Every friend and member of the **EXODUS MANDATE** project needs to read this book.

Christian Children Need Christian Education

ABOUT EXODUS MANDATE

What is the purpose of the Exodus Mandate Project?

Exodus Mandate is a nonprofit ministry to encourage and assist Christian families to leave government schools for the “Promised Land” of Christian schools or home schooling. Moms and dads need motivation and support to remove their children from the secularism of “Pharaoh’s school system.”

Who is behind the Exodus Mandate Project?

Exodus Mandate is made possible by concerned donors like you and local volunteers. The vision would not be possible without thousands of parents, teachers, pastors and educational associations which endorse and encourage the work of E. Ray Moore, Jr., and **Frontline Ministries’ Exodus Mandate**. The ministry is non-sectarian and remains independent of any denomination, institution or school association.

E. Ray Moore, Jr., who founded Exodus Mandate in 1997, is a retired U.S. Army Reserve Chaplain (Lt. Colonel). He was awarded the Bronze Star for his service in Gulf War I. He is the President of Frontline Ministries in Columbia, South Carolina, the 501(c)3 nonprofit organization which sponsors the **Exodus Mandate** project as a ministry outreach. **Frontline Ministries** is governed by a voluntary board of directors which serves without compensation.

Frontline Ministries is an evangelical ministry seeking to communicate the Christian faith Gospel message in arenas not routinely being reached with biblical truth.

What services does Exodus Mandate provide?

Exodus Mandate and **Frontline Ministries** serve Christ primarily at three levels; advocacy, education and encouragement.

- **ADVOCACY** – **Exodus Mandate** advocates Christian Education through websites, books, bumper stickers, literature, newsletters, yard signs and a host of other materials and media. (By IRS restrictions, **Exodus Mandate** does not engage in lobbying, partisan politics, or changing legislation.)
- **EDUCATION** – Through broadcasting, curriculum resources, mentoring, seminars, and the spoken word, **Exodus Mandate** staff and volunteers teach parents and educators how to utilize Christian alternatives to secular school models.
- **ENCOURAGEMENT** – Providing innovative services like the *Home Schooling Family to Family* website and a network of mentoring groups, **Frontline Ministries** is helping Christian parents successfully educate their children outside state schools

How does it work?

In many states, such as California, local volunteers coordinate the outreach of **Exodus Mandate** at the grassroots level by organizing efforts, such as the *California Exodus 2008* campaign. This urgent response to help the Christian community in California should prevent some of the tragic consequences from SB 777 and help at least 10% of the school-aged population to seek Christian educational alternatives by the start of the 2008-2009 school year. SB 777 is a new law that requires Christian children in California schools to be indoctrinated with propaganda promoting the acceptance of homosexuality and other sinful lifestyles.

How is the work of Exodus Mandate supported?

Exodus Mandate is supported by the gifts and offerings of God’s people, mostly small gifts from ordinary citizens. Contribution checks for **Exodus Mandate** programs can be made to **Frontline Ministries** for tax purposes.

What is the greatest need?

Exodus Mandate currently needs large and small contributions to help carry on the most expensive phases of emergency efforts such as *California Exodus 2008*. There are enormous communications and media costs involved in getting the message out in a short time, especially for the new interactive media such as publications, radio, television and the World Wide Web.
